DBAAR's Adopt-A-School Program

Modeling our Adopt-A-School program after successful private-public school partnerships around the country, DBAAR will select one or more deserving schools and provide much-needed funds specifically earmarked for the classrooms. This impacts all the students in the school instead of a few. It would also assist the teachers, who often pay for school supplies for their classrooms out-of-pocket. In essence, we have established a grant program to benefit the educational needs of the students, which is one of the principal goals for which the DBAAR Foundation was created.

To ensure the funds are spent appropriately, schools are required to submit an "RFF" or Request for Funds form which outlines the specific use(s) of the funds. Once approved by the Member Services Committee and the Board of Directors, money is directed towards the school's needs.

We Need Your Help!

Instead of spending time shopping and stuffing a backpack for one child, please take a moment and simply write a \$50 or \$75 check to Adopt-A-School today! You'll be helping many kids as well as the teachers. Your donation may help purchase supplies or equipment that will help kids in that school for years to come!
