

DocBox2Go

Now You *Really* Can Access Your Files Anytime, Anywhere

With DocBox2Go you can access all of your listing, sale and lease files from anywhere and never miss a beat.

You can now access all of your transaction folders, contacts, forms and documents with virtually *any* Smartphone such as BlackBerry, iPhone or Treo—almost any phone with an Internet browser. Now there's no need to drive back to the office to access your files—save time and money.

Seller needs to review a document?

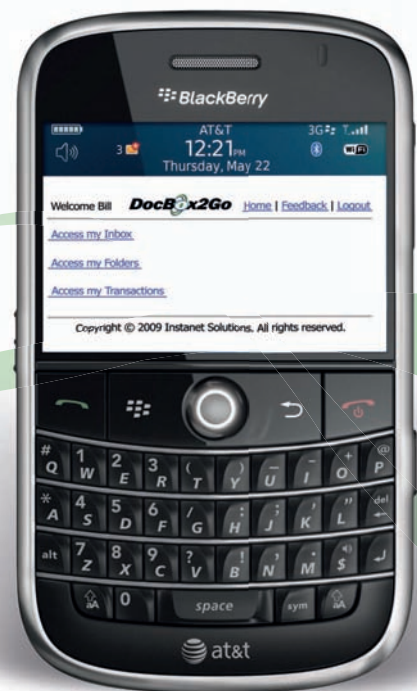

Simply open their file in DocBox2Go, click on the document, and email or fax it right from your phone.

Need to contact someone in your transaction but can't remember their number or email?

Open DocBox2Go and you'll be able to find them quickly and contact them right from the program.

Buyer wants to look at a contract?

Open the document and email or fax it in seconds.
