ASSOCIATION OF REALTORS®

Internet Data Exchange (IDX)

Section 18: IDX Defined

IDX affords MLS participants the ability to authorize limited electronic display and delivery of their listings by other participants via the following authorized mediums under the participant's control: websites, mobile apps, and audio devices. As used throughout these rules, "display" includes "delivery" of such listing. (Amended 5/17) **M**

Section 18.1: Authorization

Option #1: Participants' consent for display of their listings by other participants pursuant to these rules and regulations is presumed unless a participant affirmatively notifies the MLS that the participant refuses to permit display (either on a blanket or on a listing-by-listing basis). If a participant refuses on a blanket basis to permit the display of that participant's listings, that participant may not download, frame or display the aggregated MLS data of other participants.*

**Even where participants have given blanket authority for other participants to display their listings through IDX, such consent may be withdrawn on a listing-by-listing basis where the seller has prohibited all Internet display or other electronic forms of display or distribution. (Amended 05/17)*

Section 18.2: Participation

Participation in IDX is available to all MLS participants engaged in real estate brokerage who consent to display of their listings by other participants. (Amended 11/09)

Section 18.2.1

Participants must notify the MLS of their intention to display IDX information and must give the MLS direct access for purposes of monitoring/ensuring compliance with applicable rules and policies. (Amended 05/12). **M**

Section 18.2.2

MLS participants may not use IDX-provided listings for any purpose other than display as provided for in these rules. This does not require participants to prevent indexing of IDX listings by recognized search engines. (Amended 05/12) **M**

Section 18.2.3

Listings, including property addresses, can be included in IDX displays except where a seller has directed their listing broker to withhold their listing or the listing's property address from all display on the Internet (including, but not limited to, publicly-accessible websites or VOWs) or other electronic forms of display or distribution. (Amended 05/17) **M**

Section 18.2.4

Participants may select the listings they choose to display through IDX based only on objective criteria including, but not limited to, factors such as geography or location ("uptown," "downtown," etc.), list price, type of property (e.g., condominiums, cooperatives, single-family detached, multi-family), or type of listing (e.g., exclusive right-to-sell or exclusive agency). Selection of listings displayed through IDX must be independently made by each participant. (Amended 11/21) **M**

Section 18.2.5

Participants must refresh all MLS downloads and IDX displays automatically fed by those downloads at least once every twelve (12) hours. (Amended 11/14) **M**

Section 18.2.6

Except as provided in the IDX policy and these rules, an IDX site or a participant or user operating an IDX site or displaying IDX information as otherwise permitted may not distribute, provide, or make any portion of the MLS database available to any person or entity. (Amended 05/12) **M**

Section 18.2.7

Any IDX display controlled by a participant must clearly identify the name of the brokerage firm under which they operate in a readily visible color and typeface. For purposes of the IDX policy and these rules, "control" means the ability to add, delete, modify and update information as required by the IDX policy and MLS rules. (Amended 05/12). **M**

Section 18.2.8

Any IDX display controlled by a participant or subscriber that

a) allows third-parties to write comments or reviews about particular listings or displays a hyperlink to such comments or reviews in immediate conjunction with particular listings, or

b) displays an automated estimate of the market value of the listing (or hyperlink to such estimate) in immediate conjunction with the listing,

either or both of those features shall be disabled or discontinued for the seller's listings at the request of the seller. The listing broker or agent shall communicate to the MLS that the seller has elected to have one or both of these features disabled or discontinued on all displays controlled by participants. Except for the foregoing and subject to Section 18.2.9, a participant's IDX display may communicate the participant's professional judgment concerning any listing. Nothing shall prevent an IDX display from notifying its customers that a particular feature has been disabled at the request of the seller. (Adopted 05/12) **M**

Section 18.2.9

Participants shall maintain a means (e.g., e-mail address, telephone number) to receive comments about the accuracy of any data or information that is added by or on behalf of the participant beyond that supplied by the MLS and that relates to a specific property. Participants shall correct or remove any false data or information relating to a specific property upon receipt of a communication from the listing broker or listing agent for the property explaining why the data or information is false. However, participants shall not be obligated to remove or correct any data or information that simply reflects good faith opinion, advice, or professional judgment. (Amended 05/12) **M**

Section 18.2.10

An MLS participant (or where permitted locally, an MLS subscriber) may co-mingle the listings of other brokers received in an IDX feed with listings available from other MLS IDX feeds, provided all such displays are consistent with the IDX rules, and the MLS participant (or MLS subscriber) holds participatory rights in those MLSs. As used in this policy, "co-mingling" means that consumers are able to execute a single property search of multiple IDX data feeds resulting in the display of IDX information from each of the MLSs on a single search results page; and that participants may display listings from each IDX feed on a single webpage or display. (Adopted 11/14) **M**

Section 18.2.11

Participants shall not modify or manipulate information relating to other participants' listings. MLS participants may augment their IDX display of MLS data with applicable property information from other sources to appear on the same webpage or display, clearly separated by the data supplied by the MLS. The source(s) of the information must be clearly identified in the immediate proximity to such data. This requirement does not restrict the format of MLS data

display or display of fewer than all of the available listings or fewer authorized fields. (Adopted 05/15) **M**

Section 18.2.12

All listings displayed pursuant to IDX shall identify the listing firm, and the email or phone number provided by the listing participant in a reasonably prominent location and in a readily visible color and typeface not smaller than the median used in the display of listing data.* (Amended 11/21) **M**

**Displays of minimal information (e.g., “thumbnails”, text messages, “tweets”, etc., of two hundred [200] characters or less) are exempt from this requirement but only when linked directly to a display that includes all required disclosures. For audio delivery of listing content, all required disclosures must be subsequently delivered electronically to the registered consumer performing the property search or linked to through the device’s application. (Amended 5/17)*

The MLS may, at its discretion, require use of other disclaimers as necessary to protect participants and/or the MLS from liability.* (Amended 05/17) ○

**Displays of minimal information (e.g., "thumbnails", text messages, "tweets", etc., of two hundred [200] characters or less) are exempt from this requirement but only when linked directly to a display that includes all required disclosures. Section 18.3.10

Note: An MLS participant (or where permitted locally, an MLS subscriber) may co-mingle the listings of other brokers received in an IDX feed with listings available from other MLS IDX feeds, provided all such displays are consistent with the IDX rules, and the MLS participant (or MLS subscriber) holds participatory rights in those MLSs. As used in this policy, "co-mingling" means that consumers are able to execute a single property search of multiple IDX data feeds

resulting in the display of IDX information from each of the MLSs on a single search results page; and that participants may display listings from each IDX feed on a single webpage or display. (Adopted 11/14)

**Displays of minimal information (e.g., “thumbnails”, text messages, “tweets”, etc., of two hundred [200] characters or less) are exempt from this requirement but only when linked directly to a display that includes all required disclosures. Section 18.3.14

Participants are required to employ appropriate security protection such as firewalls on their websites and displays, provided that any security measures required may not be greater than those employed by the MLS. (Amended 05/12) ○

Section 18.3.15

Participants must maintain an audit trail of consumer activity on their website and make that information available to the MLS if the MLS believes the IDX site has caused or permitted a breach in the security of the data or a violation of MLS rules related to use by consumers. (Amended 05/12) ○

Section 18.3.16

Deceptive or misleading advertising (including co-branding) on pages displaying IDX-provided listings is prohibited.
